Massage Therapy: Healing Hands with Heart

The Massage Therapy Certificate program prepares graduates for rewarding careers as licensed massage therapists in private practice, hospitals, chiropractic offices, wellness centers, cruise ships, spas, resorts and fitness centers. The program, which can be completed in as little as 12 months or 24 months, prepares students to enter the field with a broad background and the ability to work with a diverse group of clients and health care providers.

Massage Therapists are in demand! According to a US Department of Labor estimate*, employment for massage therapist is expected to increase by 26% between 2016 and 2026, much faster than average for all occupations. In addition, it was reported that the median annual income for a massage therapist in 2010 (including tips and a 15 hour work week) was \$39,860.
