

Course Registration

Each semester students register for courses in consultation with their Academic Advisor. Students are accountable for registering for the appropriate course(s) according to their program of study and for making sure that any prerequisites (including relevant test scores and/or co-requisite courses) have been satisfied prior to registering for classes to prevent delay of course registration. Credit cannot be awarded for a course unless a student is officially registered and has met all financial obligations. Any changes after registration must be made by the student in their [Student Information System \(SIS\)](#) account. Non-matriculated students may take courses on a space available basis. Students can verify their registration status on the [Student Information System \(SIS\)](#). Matriculated students registering for classes for the first time must meet with their academic advisor to set up an academic plan. This will ensure that students meet course pre-requisites and complete program requirements in a timely manner. Students can access their class schedule through the [Student Information System \(SIS\)](#).
