

Establishing New Organizations

Student organizations are reflective of student interests. Any student or group of students can establish a new club or organization. To do so, consult the Student Government Association Bylaws for starting new clubs on campus. The SGA will then vote to officially recognize the organization. Organizations must be open to all students and should not discriminate based on race, color, religion, national origin, age, sex, handicap, veteran status, sexual orientation, gender identify or expression, genetic information or marital status. A club's request for recognition by the Senate will indicate its willingness to comply with the SGA's guidelines for the expenditure of club funds.
