

CSCI 296R: Technology Capstone

This course is designed to have students completely integrate every aspect of their prior learning into a final cumulative project. Each student will design, implement, and present a project that falls within the specialty area of their matriculated degree path. Projects will be pre-approved by the instructor through a proposal process. Projects may include client-orientated tasks, practice orientated simulation, academic inquiry, or community engagement activities. Each project will synthesize the work accomplished in the degree and demonstrate mastery of the program outcomes.
