

ENGL 206R: Creative Writing

Building on writing principles and critiquing abilities learned in College Composition, students will explore the art of creative writing by writing both fiction and poetry. Through writing exercises completed both in and out of class, participating in workshop discussion, and reading a variety of established voices in poetry and fiction, students will develop a sense of the basic tools of creative writing. With an emphasis on sharing work and giving constructive criticism, this class will enable students to make choices about drafting and revising their literary pieces and to work to develop their own individual style. A final portfolio of revised and polished pieces of writing representative of the semester's work will be completed.
